

How to Install IPTV on Android Smartphone, BOX, & TV

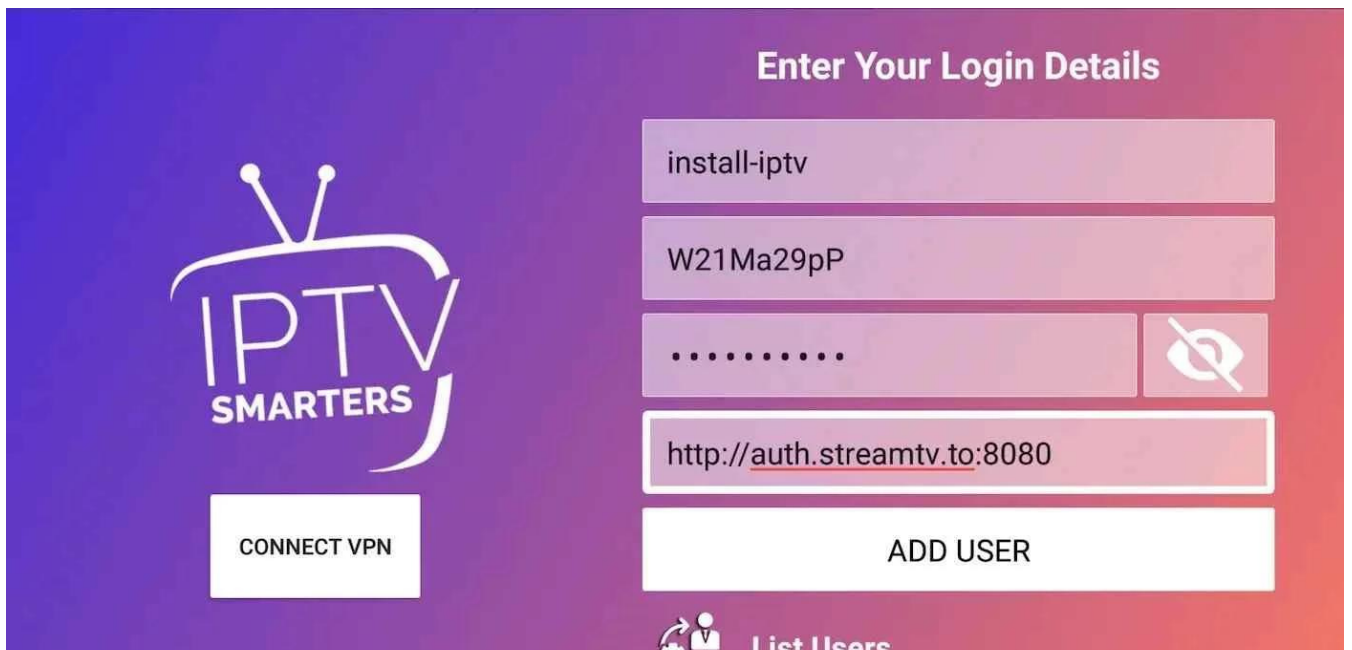

Smarters Player Lite Application

- 1- Open Google Play Store
- 2- Search for " **Smarters Player Lite** " ((and install it)) (PS: you can chose other apps)
- 3- Open Smarters Plaer lite and click Login with Xstream Codes API

4- Enter Xstream connection details

For the first field Choose a name for your list (it can be any name), Then enter your username, password and URL we provided to you and click ADD USER

5- It will start downloading channels and VOD about 10 seconds then you will be logged in and you will see this page
